Teaching Author's Purpose 5 Activities for This ...

Author's purpose is often studied through the text as a whole, but authors have different reasons for writing within texts as well. For example, an author may include a funny anecdote to draw in the reader. Then, they may launch into a list of facts that make the reader feel frustrated about the situation. And finally, they may conclude with an appeal. Take a short article and break it apart, identifying the different purposes so that students see how author's purpose changes as they read.
