## **The Frayer Model: A Concept, Definition, Vocabulary ...**

Frayer Model Word Categorization The Frayer Model is a type of graphic organizer that helps students develop relationships and categories associated with vocabulary.

### **Frayer Model The Teacher Toolkit**

The Frayer Model is a graphic organizer for building student vocabulary. This technique requires students to define target vocabulary and apply their knowledge by generating examples and non examples, giving characteristics, and or drawing a picture to illustrate the meaning of the word. This information is placed on a chart that is divided into four sections to provide a visual representation for students.

### **Frayer Model Template & Examples | Activity Suggestions**

The “definition” section of the Frayer Model is self explanatory. In this box the student defines the vocabulary word. If using the model for a concept, this would be where the student would briefly summarize or define the concept.

### **Wave | Definition of Wave at Dictionary**

Wave, ripple, breaker, surf refer to a ridge or swell on the surface of water. Wave is the general word: waves in a high wind. A ripple is the smallest kind of wave, such as is caused by a stone thrown into a pool: ripples in a brook. A breaker is a wave breaking, or about to break, upon the shore or upon rocks: the roar of breakers.
