At the cover, it wrote 'The complete HOW TO modelling guide' is misleading. I was very disappointed when I read the book. It is more of a product catalog rather than a how to. I will not recommend this book to anyone. If you are serious in a good 'HOW TO' book, search for this book 'Modelling Waffen SS Figures (Osprey Modelling) by Calvin Tan'. It is comprehensive guide to figure painting. At the same time, knowing the author himself the person is a pro.
