These monster birds (Teratorn is Greek for just that, “monster bird”) had wingspans of eleven to twenty feet and weighed anywhere from thirty three to 176 pounds. American Indian stories of these flying terrors across North America are eerily similar.

### **Monsters of Massachusetts: Mysterious Creatures in the Bay ...**

Monsters of Massachusetts seemed to me to be an almost perfect blend of what I enjoy in a cryptozoology book. This included straightforward witness accounts, well researched historical background, and original research or investigations of many of the cases that enable readers to draw their own conclusions as to the reality of their favorite cryptids.
